

Planet Protectors Teacher Feedback Form

Much time has gone into preparing and running this program, and hopefully it gets better each year. But in order to improve it, we must have feedback about what works and what needs further work. Your suggestions for improvements on the back are the most important part! Please return this to Andrea Gibson at andreag@vwr.com.

What is the strongest part of this program?

What needs to be improved?

Do you have any ideas about how?
