

FOOD WASTE DOCUMENTARY

Filmmakers Jen and Grant address the issue of food waste from farm, through retail, to their own fridge.

After catching a glimpse of the billions of dollars of good food that is tossed each year in North America, they pledge to quit grocery shopping and survive only on discarded food.

What they find is truly shocking!

If you are interested in booking a free viewing of the movie for your group, contact us:

PLANET PROTECTORS

Captain Vortex is looking for new Planet Protectors to join his team to make the world a better place environmentally.

To earn your badge you must complete the tasks and solve the puzzle.

Planet Protectors is a free program and is designed for Grades 2-4 but others are welcome. Booking available in the Fall in collaboration with Acadia University's Community Development.

WASTE EDUCATION

www.vwrm.com

CURRICULUM BASED LESSONS

Valley Waste Educators can talk with your class about solid waste and waste reduction.

Waste management can be linked to curriculum in many different ways and at all levels of learning.

Divert Nova Scotia also has a series of curriculum based lesson plans available for Grades P-8 teachers.

TAKE A SITE TOUR

Ever wondered where your waste goes after it leaves the curb? We offer site tours for groups to discover what happens to your garbage, recycling, and organics. Contact us to make arrangements. A limited number of evening tours are available

BOOTHS AND RESOURCES

We are able to provide a booth at your event to offer waste education and information.

We also have an annual calendar, and a number of downloadable resources available on our website.

PRESENTATIONS

Our Education Team can present various topics to your group, business or association including:

- Waste Reduction
- Backyard Composting
- Changing Habits

These can be tailor made to meet your needs.

The Valley Waste Team can advise your business on waste management including staff training, signage, packaging and audits.
